About us

A&J Infragear Authorized Dealer for Potain Tower Cranes provides a centralized and specialized range of tower cranes, construction equipments, construction tools and other systems. This, accompanied with high quality standards, top class service and safe work practices to ensure that client specific requirements and needs are met and exceeded in all situations.

With over 25 years of experience in providing engineering solutions to building, high rise and infrastructure projects, A&J Infragear has the ability to solve all logistics problems, the organization has a sound understanding of construction methodology, programming and financial constraints, ensuring the best solution for any situations.

A&J - Manitowoc Channel Partners

Our success come from having reliable, high quality and well maintained tower cranes, strong management and the knowledge of the best solution for each situation. We maintain the highest standards, apply diligence, give great attention to details, and ensure best practices and customer service. We provide smooth and safe cranes at competitive rates for the construction sectors. We consider ourselves a market leader in the field of tower cranes. Our main objective is to offer clients a world class service and become the supplier of first choice.

Clients satisfaction is A&J Infragear main concern, therefore we always consider ourselves as a channel partner.

Director's Message

A&J Infragear activities continuous to grow to match with the vibrant growth of " Global Economy" . We will continue to do our best to improve our efforts on all fronts to better our standards to serve customers, clients as well as the society.

A&J Infragear Crew

- ➔ A&J uses Genuine Parts and fights against Counterfeits parts : another battle for safety
- ➔ A&J believes in "think Safety and Productivity" for the entire lifecycle of the crane : Transport, erection/dismantling, operation at jobsite location, Preventive and corrective maintenance.
